01 Company overview

VXR today

Shared mobility technology

Founded in 2018, VXR is headquartered in Hong Kong. It develops shared bicycles, electric bicycles and smart mobility services.

VXR operates in several Asian cities and is exploring opportunities in Portugal and Australia.

Mission and vision

Greener everyday travel

VXR aims to improve transport and reduce its environmental impact through technology and low-carbon mobility.

Its vision is to become a leading global shared mobility platform and support sustainable transport.

> Working together for greener transport worldwide.

02 Company milestones

2018

VXR was founded in Hong Kong and began attracting market interest.

2019

The shared mobility model expanded to several Asian cities.

2020

VXR launched smart shared bicycles and electric bicycles.

Assess markets

Study demand, cycling conditions and operating rules in Portugal and Australia.

Find partners

Evaluate local teams, fleet deployment, maintenance and rider support.

Run pilots

Launch according to city readiness and assess options for expansion.

From Hong Kong to new local partnerships in Portugal, Australia and other markets.

03 Market potential

Market demand

Short, low-carbon journeys

Review local cycling policies, shared mobility rules, cycle routes, public transport connections and parking facilities.

Local research helps identify rider priorities for price, convenience and safety.

Portugal / Lisbon and Porto

Growth potential

Portugal and Australia

Assess commuting, public transport connections and leisure cycling in Lisbon, Porto, Sydney and Melbourne.

Consider additional cities according to demand, cycling infrastructure and operating conditions.

Australia / Sydney and Melbourne

Start with short trips and assess city opportunities with local partners.

04 Business model

Shared bicycles

Smart fleet management

VXR uses data and AI to locate bicycles in real time and redistribute them where they are needed.

Bicycles, e-bikes and other mobility options offer practical alternatives for short urban journeys and can help reduce emissions.

Partner model

Shared operations and revenue

Partners help make vehicles available and share in platform revenue through a tiered agent programme.

Local operators work with VXR to develop services in Portugal, Australia and other markets.

Shared mobility connects fleet technology with local operations.

05 Why these markets?

Travel patterns

Commuting and leisure

Assess short trips between homes, workplaces and public transport stops, as well as routes through neighbourhoods, parks and visitor destinations.

Select pilot areas according to urban density, cycling infrastructure and local partner capacity.

Operating conditions

Rules and service readiness

Assess fleet redistribution, maintenance and incident response. Assign responsibilities to the local team.

Check rules for vehicle classes, road use, parking and operating permits in each jurisdiction.

Choose an operating model that fits each city.

06 The value of local partners

Local knowledge

Understanding rider needs

Local partners know how people travel and help VXR adapt its products and services.

Familiarity with local culture helps teams connect with residents and introduce the brand.

Market entry

Reaching more communities

Local relationships and resources help partners extend service coverage and raise brand awareness.

Local management simplifies communication and helps teams expand operations efficiently.

Local partnerships support expansion in Portugal, Australia and other markets.

07 Partner responsibilities

Recruitment and management

Building a local team

Recruit and train new members. Coach colleagues as the team grows and support VXR’s local expansion.

Partners help lead teams, develop the market and represent the brand.

Market development · Team leadership · Brand building

Brand promotion

Making VXR known locally

Organise local events to introduce shared bicycles to new riders.

Tailor communication to communities in Portugal, Australia and other markets to build awareness of greener travel.

Partners develop the market, lead local teams and help shape the brand.

08 Partner earnings and rewards

Member investment tiers

V-1 – V-5

Tier	Investment (USD)	Est. daily return (USD)
V-1	38	2.09
V-2	150	8.40
V-3	500	29
V-4	1,500	90
V-5	3,000	189

V-6 – V-10

Tier	Investment (USD)	Est. daily return (USD)
V-6	6,000	396
V-7	12,000	840
V-8	24,000	1,776
V-9	50,000	3,950
V-10	100,000	8,400

The programme lists estimated daily returns and estimates a difference of about USD 0.10 from the amount credited.

Example

For V-2, USD 150 is the investment and USD 8.40 is the estimated return for one day.

08 Partner earnings and rewards

Referral commissions and 24-hour team rebates

Referral deposit commissions

When a new member registers using an invitation link or code and makes a deposit, the commission depends on their level in your team.

Referral chain	Rate	On a 1,000 USDT deposit
You invite A	12%	120 USDT
A invites B	4%	40 USDT
B invites C	2%	20 USDT

Commission example

You invite A, who deposits 1,000 USDT. Your commission is 1,000 × 12% = 120 USDT.

24-hour team deposit rebates

Team deposits (USDT)	Reward (USDT)
500	10
1,000	30
3,000	80
5,000	200
10,000	500
30,000	2,000
80,000	5,000

Deposits across all three levels are added together. System updates determine the start and end of each 24-hour period.

Rebate example

Deposits of 500, 300 and 200 USDT in the same period total 1,000 USDT. The rebate is 30 USDT.

08 Partner earnings and rewards

Rewards for inviting active VIP members

New members and instant rewards

New VIPs with a qualifying deposit	Instant reward (USD)
10	20
20	100
30	270
50	600

VXR reserves the right of final interpretation of this activity.

Who counts as an active member?

An invited new VIP member counts once they have deposited at least the minimum required amount.

Activity incentives depend on the number of eligible participants. VXR will end the partnership if someone uses multiple IP addresses to register accounts to exploit promotions or bonuses.

Example

Of 12 invited VIP members, 10 make the minimum deposit. Ten members count, corresponding to a USD 20 reward.

09 Agent roles and benefits

Responsibilities and monthly allowances

Eligible direct investors	Role	Monthly allowance (USD)	Responsibilities and support
30	Community Assistant	800	Organise local, in-person community events for members.
100	Community Supervisor	3,000	Host large gatherings and conferences.
300	Regional Agent	15,000	Oversee regional Community Supervisors, plan events and establish organisational guidelines.
500	National Agent	50,000	VXR provides a dedicated office. Lead the country’s Regional Agents, manage platform operating funds and allocate funds to Regional Agents for community activities.

Only genuine, active first-level investors you directly invited who made a deposit count. The platform funds events. VXR reserves the right of final interpretation.

Example

For a Community Assistant, 30 means eligible direct investors. USD 800 is the monthly allowance. Event costs are funded separately.

10 Market expansion plan

Short term

Prepare city pilots

Work with local partners to assess deployment, parking and maintenance before defining the pilot area.

Priority cities for assessment include Lisbon, Porto, Sydney and Melbourne.

Long term

Expand after evaluation

Review vehicle use, operating costs and rider feedback before expanding the fleet.

Prioritise cities ready to operate, assess nearby demand and explore partnerships in Europe, Oceania and beyond.

> Let pilot results guide the size and pace of expansion.

11 Safety and safeguards

Operational safety

Fleet monitoring and risk control

Monitor bicycle use and fleet movements to support safe operations.

Data analysis and AI help identify potential problems and improve operating efficiency.

Financial safeguards

Refunds and compliance

The programme describes a refund process intended to respond promptly to requests from users and partners.

Projects are to follow applicable regulations and local operating permit requirements.

VXR describes these measures as part of its approach to protecting partners and supporting business growth.

12 Partner recruitment

Eligible partners

Who can take part?

Residents and businesses with local operating capacity in Portugal, Australia and other target markets can participate.
VXR seeks partners interested in long-term cooperation and local market development.

Partnership principles

Long-term cooperation

Build lasting relationships to promote the brand and develop the service together.
Under the partnership model, VXR and its partners share market revenue and seek to grow income and market share.

> Build long-term partnerships and develop the service together.

13 Get involved

In the app: find a return location or scan a QR code to rent a bicycle.

Join VXR

Take part in greener travel and help develop shared mobility.

Become a local partner

Explore shared mobility opportunities in Portugal, Australia and other markets.
